The Oxfordshire Bat Group aims to:

- Survey and monitor bat populations in the county;
- Encourage interest in and understanding of bats and their way of life – to this end members give talks to a wide variety of groups, provide displays at events etc;
- Provide information and “trouble-shooting” services for anyone who is interested in bats or who finds they have bats roosting in their house;
- Provide assistance with trapped or grounded bats, and captive care when needed;
- Train and develop the membership in order to provide the above services;
